HERE AND THERE.

On "cornering quarters" just half a mile west of the Highway going north, four miles north of Drayton Valley, the final completion for a future ball team was worked out recently when Lloyd and Eunice Swap acquired wee David, the latest addition to the nine-man team in the making among the three neighbors.

Dave and Eva Cameron are a little ahead in the "boys" deal, since their last baby, Kenneth, born last spring, makes five fine boys for them, the other lads in the Cameron family are named Bob, John, Tom and Ken. Lloyd and Eunice have two other boys, Charlie and Gary. Avalt and Hilda Richert have four month old Dennis to add to the string.

Neither of the three families have a girl. Future developments among the three families will be watched with considerable interest since long-time baseball tradition requires the baseball Umpire to be a thick-skinned male.

.....

Joe Fitzgerald who has just returned from business in Fort Smith reports a "boom" of the first magnitude in the Territorial capital.

Two millions of dollars are being spent on an airport there; about the same amount of money on a residential School for natives of the area. Consolidated Mining and Smelting Company are surveying for a damsite for a power plant. At Fort Fitzgerald, near Fort Smith, several millions will be invested in a plywood plant and sawmill, in which about 300 men will be employed upon completion.

At the mouth of the "mighty Peace" River, two sawmills are being built in the near future. Twin-towns, Waterways and Fort McMurray, are also suffering from growing pains, and throughout the entire Northland the lure of the yellow gold-dust of the creek beds has long since been replaced by exploration and development of much more useful adjuncts to the national economy.

HERE AND THERE. (Cont.)

Mr Fitzgerald is interested in the building of a 21 room hotel in Fort Smith, which is being erected by Huskey Rentals Ltd.,

.....

Another of the many accidents occuring in the field while production is in full swing happened at about 7.30 a.m. July 12th, when Alford Knapp, aged 25, an employee withGellhaus Trucking Co., while engaged in moving Cascade Rig #2, caught his hand in the 5th wheel on the highboy and got it very badly mangled by the cable.

After treatment in Drayton Valley Medical Centre he was removed to University Hospital by Drayton Valley Ambulance.

.....

In a letter to Mrs Zelmer Mrs Mustard, previous president of the United Church W.A. in Drayton Valley, before their moving to Hinton, stated that she had kept busy since arriving in the new town. Part of her duties is again being president of the United Church W.A.; this time of the Hinton group.

.....

A recent change in ownership of the Centrefield Motel saw the former owner, Ferris Swann, sell his interest to Andrew Baiby, who, with anotherpartner, is owner of the Centrefield B/A service.

.....

Reminiscing on the 'Early Days" recently Schoolteacher Mrs Wellschlager, principal of Violet Grove school, got to telling some of the stories she had heard from the real "old-timers" who came in 45 to 50 years ago.

As she told it, Mr Bray of Rocky Rapids was the first settler in that area, coming in in 1907. Mr Bray came up the Saskatchewan River in a steamer and then walked in to what is now the Rocky Rapid area and staked a claim. Stanley Bray is the first white baby born in that area, apparently.

She told about the Dodsons' who came into the Drayton Valley area four or five years later. It seems that a party of nine, men and women, going through to homestead, came to the one-room Dodson shack and Mrs Dodson told them they must stay the night.

Some members of the party wondered where they would stay since the Dodson had only one bed and some children to occupy it as well as themselves. But come night fall, Mrs Dodson just started pulling mattresses off the bed, pulling threads through sheets, until the room was partitioned off, then the men slept on one side of the sheets and the ladies on the other.
